The condition of this obligation is such:

That since the above-named Principal, as an eligible purchaser of fuel as defined by Section 2(r) P.A. 403 of 2000, has elected to defer payment of tax on acquisition of gasoline, aviation fuel and/or diesel fuel to the supplier of said fuels until no later than 1 business day before the supplier must remit the tax to the State of Michigan pursuant to Section 74(4) P.A. 403 of 2000.

And since the Michigan Department of Treasury has required pursuant to Section 75(2) P.A. 403 of 2000 that the above-named Principal furnish a surety bond running to the people of the State of Michigan to assure timely payment of any or all tax liability on fuels acquired by said Principal including tax payments elected to be made by electronic funds transfer to a supplier and to indemnify the Michigan Department of Treasury against bad debt deduction(s) claimed by a supplier of fuel to Principal.

All taxes that become due for the months between the effective date and the expiration date shall be covered by this surety bond.

The surety named above reserves the right to withdraw as such surety upon the giving of written notice of such withdrawal to the State of Michigan. The surety shall not be released from any liability incurred or accruing on the bond for the period commencing on or before the date of the request and terminating 60 days after the date of the request.
